CK LEARNING & DEVELOPMENT

PROJECT OBJECTIVE:

Grade based portal designed for Admin and Trainer for creating the trainee lists with their trainers and to monitor the details basis on employee ID by task and status of the tasks.

PROJECT DESCRIPTION:

Main goal of project is to create Learning & Development tracking website and to monitor the Trainer and Trainee's activities like Task, Batch assigning details, Assessments.

Attendance details should be captured by the Trainer. Trainees' performance will be tracked by the specific trainer and the performance feedback should be given by the Trainer to their trainee.
